Dear Prospective Sponsor,

The New Smyrna Beach Police League was organized in 2000 starting with 45 children and has grown today to include over 400 children participating in various sporting events and activities.

A substantial amount of NSB PAL's funding was given to us through the Edward Byrne Memorial and Local Law Enforcement Assistance Formula Grant Program. Unfortunately, after four years of assistance through this program, the grant has ended and now the NSB PAL needs to locate funds through donations and sponsorships.

Your sponsorship will mean the continuation of a local community program that allows children to participate in activities and sports that could potentially change their lives forever. We know that children who are involved in sports or hobbies are less likely to become involved in drugs and their unfortunate outcome. This is a huge reason why we must remain steadfast in our effort to continue to provide these children with positive influences from coaches, volunteers and police officers. In our commitment, NSB PAL will support these children positively and encourage them to be successful now and in the future; in turn the children will learn respect, discipline and camaraderie.

Any contribution can make a difference and we thank you in advance. Look on www.nsbpal.com, links--*Donations / Sponsor Levels* for the sponsor levels.
